

Chaplain, are you looking to engage inmates, and give them a rewarding experience?

Central's Jail and Prison Ministry has been reaching men, women, and youth with its Bible study series since 2004. These studies have been an amazing tool to introduce inmates to the Christian faith and allow them to mature in their understanding of the Bible. Students read through each 8-page booklet at their own pace, then take a short quiz to check their basic understanding of the material, and how they can apply it to their own lives.

"I have a stack of sticky notes that I received with each study. I enjoyed these notes as a sense of accomplishment, love and the joy that there's people out there who do care, and don't think of me as lost hope. I liked that the studies were not intense, because I am new at reading the Bible and at Christianity and found these studies very comfortable for my introduction to these things. I've lost most of my family in these last few years, but I want to thank you ALL for making me feel like I still have someone out there."

- Chris

- Three-part study series: Basic, Old Testament and New Testament.
- Easy to read, yet provides an in-depth study, with life applications.
- Participants receive certificates after completing each series.

We would like to offer you Study Guide One in Series One at no cost - with only the commitment that you will put them into the hands of those who want to study. Once the student receives study guide one, completes it and mails the answer sheet back to us, then we will send the next study guide.
