“EVEN THE SMALLEST DECISIONS WE MAKE ARE IMPORTANT.”

READ

Psalm 84:10-12, Psalm 32:8

God says, “I’m looking for someone who will do even the smallest thing to honor Me.” God says that those who honor Him, He will honor. One unknown in life is when the Lord will call us home. There is nothing more important in your life than being ready for this. There are so many distractions in our lives, we can become complacent and apathetic in our walk with the Lord. All of this is part of being human. It is day-to-day spiritual warfare, and the small, seemingly insignificant choices you make are part of the battle. There is constantly a darkness coming against the Spirit of God within us. Scripture tells us to take heed of ourselves, to be vigilant and pray always. Even the smallest decisions we make are important to God. Staying prayerful gives us the discernment we need. The Holy Spirit gives us direction in every decision we make.

PRAY

Jesus, I really do want to honor You in every thing I do, every decision I make. Please give me discernment to see and make the Godly choice.
